## Facility May Be First Of Its Kind In California

The new Southern California Edison Padua substation is the first of its kind in southern California, according to company officials.

In addition, it may be the first of its kind in California and the nation, although this hasn't been confirmed by the officials.

The public used to be worried about getting electricity to their homes on a constant basis and by any means. Now, environmental consideration and aesthetics enter the picture in building substations, officials add. With this in mind, the management of SCE decided to ask the designers of the Padua substation to bring from their drawing boards a plant that was both efficient and beautiful to the eye. In this new substation, the company has succeeded in doing just that.

A unique contemporary design is incorporated into the facility which will allow it to harmonize with future development of the surrounding area, according to M. E. Horsley, Edison district manager.

Horsley described the design of the new electric facility before the Upland City Council, Jan. 5, on Edison's request for site plan approval.

The substation will be located on a 30-acre site at the intersec-

tion of 16th and Campus Avenue.

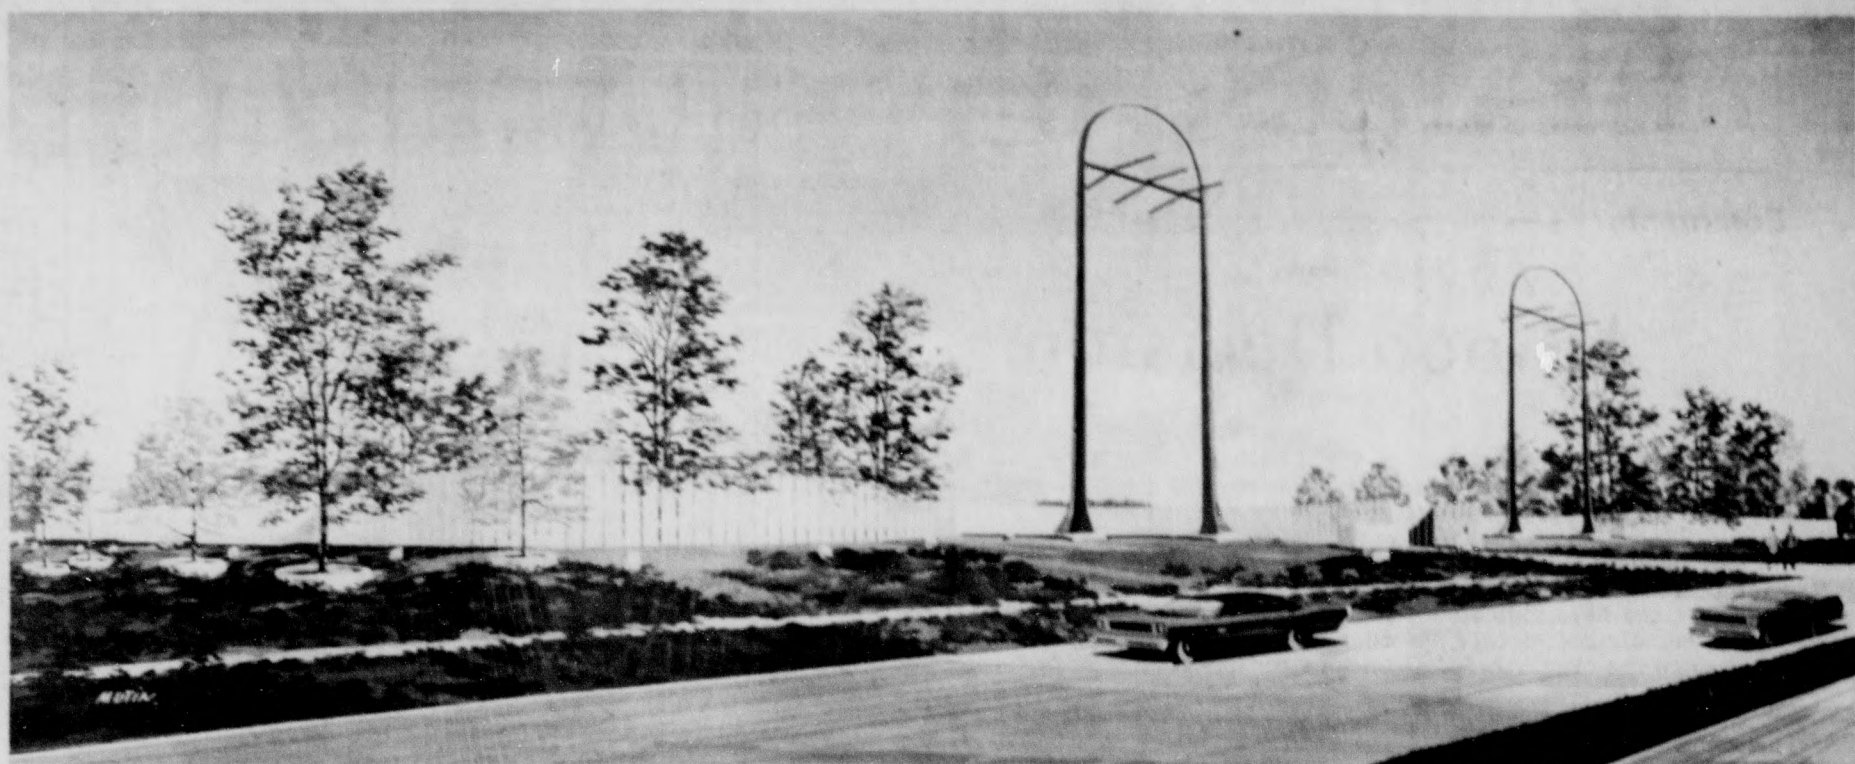

"The exterior design of the station by Henry Dreyfuss Associates will feature several innovations in substation design," Horsley said. "The low-profile building will be constructed on a sunken foundation below street level. A 6-foot-high berm (dike) will surround the station on three sides."

He noted that a 10-foot-high curved linear wall, creating a serpentine effect, will be built on top of the berm. In conjunction with the construction of the station, dramatic new Dreyfuss-designed "arch" towers will be installed in the substation for the first time in Southern California. A variety of fast-growing trees and shrubs will be planted by Hahn, Hoffman and Schmidt, professional landscape architects from Sierra Madre.

Initial development of the Padua Substation will represent an investment of approximately \$3.5 million, Horsley said.

The city will derive approximately \$16,000 a year based on our present tax rate, City officials have said.

Construction is scheduled to begin in June, 1970, with operation scheduled to begin by July 1971.

PADUA SUBSTATION -- The park-like setting of the new Padua substation to be located at 16th Street and Campus Avenue, will add an aesthetic as well as functional note to that area, according to Southern

California Edison officials. Construction work will start in June and the station is expected to be operational by July, 1971.

Seventy-Fifth Year No. 45

Upland, California, Thursday, January 15, 1970

END OF THE ROUTE -- Mail Carrier, Vaughn Dunlap, is about to retire after delivering mail in Upland for some 20 years. Postman Dunlap has made many friends along his route over the years and has seen many changes in families and the city.

## Postman Dunlap Reflects On Career

BY JENNY KIRKPATRICK

About to hang 'em up after 28 years of service with the United States Post-Office is Vaughn M. Dunlap, popular downtown area mail carrier.

Besides the downtown area, Dunlap has served on several residential routes in the city. He has spent 20 of his postal years in Upland carrying mail and has seen many of the youngsters on his route grow up. He has also been an eyewitness to problems, joys and deaths.

"The people on my route have made me feel like one of their family. They have given me hot coffee on the cold days and cold drinks on the hot days. At Christmas and on my birthday, they've remembered me with gifts and birthday cakes. My route has been an ever changing scene."

As to the hazards of his work, Dunlap cites the usual one, dogs. He has been bitten seven or eight times and still considers dogs a hazard.

Next in line as a hazard is the weather, especially a rainy spell like last year.

"Everything was wet for days on end; soggy me, delivering soggy mail. I got tired of it after the first two days or so, but what can you do?"

He's equipped with a rain poncho and cover for his cart, but nothing could stop the rain last year. Usually the weather changes enough to keep it from being monotonous.

The tall, distinguished-looking man, has a trim figure and because his work is mostly walking, he doesn't need any other exercise to keep trim.

He has endeared himself to

the many people on his route with his quick sense of humor and quiet philosophy. He remembers names and events in the lives of the people on his route. "My life has been enriched by these wonderful people and I like the small town flavor that prevails in Upland."

Dunlap has seen many changes in both the city and the post office department.

He is almost a native Californian, lived in Chino and graduated from that high school, attended Chaffey Junior College, married an Upland girl, Wanda Oswald, and started his career in the United States government in 1942, took time out for three years of military service, and came to Upland post office from Pomona post office in 1947.

Dunlap wears cap number one and has since coming here.

The couple's only son, Charles, is a Vietnam war veteran and was awarded the Bronze Star. He is married to Joyce Favohrow of Cucamonga and lives in Upland.

It was a harrowing time for the Dunlaps with Charles in Vietnam. They got so they dreaded phone calls or official letters. If their smiles are a little brighter it is because he's home again.

The popular mail carrier will retire on Friday, Jan. 23, and doesn't expect to sit around. "I never have and don't intend to now." He starts a new job the following Monday at a nursery.

"None of this doing nothing for me. I'm working at a job the rest of my life."

And you can bet that no matter what he undertakes, he'll put the same enthusiastic dedication and humor into it that he has on his daily mail route.

## HS Boundaries Resolved For Now

A controversy which was touched off in the south area of the city over an Upland High School boundary change has been resolved for the present.

Action taken by the Chaffey Union High School Board will keep the present boundaries for another school year, 1970-71. The action was taken at the Jan. 5 meeting of the board.

The controversy was touched off when it was proposed by school officials that students living in the south section of the city might be bused to Chaffey High School and Chaffey High School students to Montclair High School.

Parents in Upland objected to the busing and said so in a December meeting with high school officials. To add to the difficult situation, the district has to maintain a state mandated directive in racial and ethnic imbalance. This involves several high schools within the district, Montclair, two in Ontario, Upland and Alta Loma.

Superintendent Allan G. Smith has told the trustees in a letter that "The absolute maximum capacity of the school district, without going on double sessions, is 13,000 students."

Analysis shows that the district's total enrollment capacity at this time is 11,150 for a six-period day and 13,009 on the basis of a seven-period day.

Current district enrollment is 11,305. Projected enrollment for next year is 11,484.

Smith said Upland High School will enroll more than 2,800 students next year according to current projections. To accommodate such enrollment an extended student day of seven periods will be used, with staggered starting times.

The projected enrollment next year at Upland will exceed even the school's extended day capacity by 200, Smith said.

A lot of time has been spent in trying to solve the Upland High School situation, Smith said, adding that "although conditions will not be ideal, this enrollment can be contained if certain options are permitted" in the scheduling of students.

"If these suggestions were followed," he continued, "it would enable the administration to develop a plan for presenting additional facility needs to the public on a long-range basis and also provide time to develop a plan of attendance areas which would minimize racially imbalanced schools."

## City Hall Drawings

Authorization to start architect's drawings for the rest of the City Hall buildings in the Civic Center complex may be given late this year.

The possibility of starting the drawings was discussed at last week's meeting of the Upland Civic Center Building Authority.

The building authority held its annual meeting Dec. 30 to review activities for 1969 and to elect officers.

Eugene Nisbet was retained as chairman. Harold Cook, who served as a building authority member last year, was named vice chairman. Russell Hazen, who was vice chairman in 1969, will serve again as third member of the three-man group.

Mary Ann Reiss, secretary to the Civic Center Building Authority, said that plans for redoing the present police department building probably would be formulated after new City Hall drawings are completed.

## Upland HS Student Peace Ambassador

By BARBARA POPADAK

Upland High School can now boast a youth ambassador for peace who is presently in South Africa. Patty Bescoby, daughter of Mr. and Mrs. Alan Bescoby of Mt. Baldy, will be spending one year with the Petrus Smith family of Bloemfontein, Union of South Africa.

On Monday, Jan. 12, Patty boarded a jet in Los Angeles for New York. After a day of orientation, she flew to Portugal with other students who had South Africa as their destination. "If there is one country that I didn't expect to be sent to, it is South Africa," she commented.

On Dec. 27, the Bescobys received word from the New York chapter of the American Field Service that Patty was going to be sent to South Africa. Still in a state of surprise, they were later informed that in ten days Patty was to board a jet for New York. In this span of time, shopping for clothes and other necessities had to be done in addition to securing passports and visas. Patty hurriedly replied that this past Christmas vacation will be the most memorable in her life because it was filled with surprise and excitement beyond expression.

## New Sister City

The Town Affiliation Association of Upland will present a program on Sister City activities featuring a report from Mildura, Australia, which is Upland's new sister city, on Jan. 21 at 7:30 p.m. at the Upland Women's Club House, 590 N. Second Ave.

Color slides taken in Mildura during their November visit will be shown by Mrs. Althea Correll, Mr. and Mrs. Douglas Black and others. Historical facts, and similarities between the two cities will be told, and Mrs. Beatrice S. Riggs will tell of her visit to the Rio Vista Museum and Cultural Center in Mildura.

Mrs. Black and Mrs. Correll were designated as official representatives of the City of Upland to extend the invitation to the City of Mildura to enter into a Town Affiliation with Upland, which they did while on their visit to Australia. Upon their return, they presented the Affiliation Agreement, signed by the Honorable Ken Wright, Mayor of Mildura, to the Upland City Council on Dec. 15. Mildura is Upland's second Sister City, the first being that of Caborca, in Sonora, Mexico.

The January meeting is open to the general membership and to the public.

SECOND SISTER CITY -- Mayor Ken Wright of Mildura, Australia, exchanges sister city agreements with (left) Mrs. Douglas Black and (right) Mrs. Althea Correll, members of sister city committee and appointed by Mayor George Gibson to ask Mildura to become Upland's second sister city. The proceedings were televised on Thanksgiving Day in Mildura.

## Commentary

### A Good Decision

We applaud the decision of the Chaffey Union High School district trustees in their decision not to change the boundaries in Upland for the 1970-71 school year.

The change would have necessitated the busing of students who live in the south area of the city, out of Upland to Chaffey High School. The trustees have indicated that they will now undertake a study of the whole enrollment picture and come up with decisions on how they can best solve the overcrowded conditions at Upland High School.

The study is needed immediately and it might help if the citizen's committee who helped pass the override could have a hand in the planning as well as inviting some of the parents in the south side area to participate.

We recognize the problems that have faced the high school district in the past months, the lack of finances, and other school related problems, however, the time has come to study the Upland situation in depth and to include the whole city in the study not just the south side. Another high school has been planned for Upland and this should be one of the first considerations as well as any plan the parents and the school district can work out. The ultimate end should be to keep Upland High School students in Upland.

## Most Effective Weapons

### Our Man In Washington

By BILL KENNEDY

WASHINGTON -- As the second session of the 91st Congress gets underway, look for President Nixon to use with increasing frequency two of what have proven his most effective weapons -- jawbone diplomacy and Vice President Spiro Agnew.

Coming to office with less than a majority vote (about 45 per cent), Nixon learned quickly it would be no easy feat to get his way with the Democratic-controlled Congress.

And even though he enjoyed a few minor successes -- approval of the ABM system and draft lottery -- he suffered some notable defeats such as the Senate rejection of his nominee to the Supreme Court, Clement Haynsworth.

But on the most crucial issue -- the Vietnam War -- Nixon resorted to what GOP insiders say was his only alternative short of a mass pull-out -- jawbone diplomacy.

THE LAWMAKERS will not soon forget the instant and overwhelming favorable public reaction to Mr. Nixon's Vietnam speech. A Gallup Poll placed the public approval figure at 68 per cent.

The "Silent Majority" to whom Mr. Nixon appealed was, indeed, aroused and letters, telegrams and telephone calls poured into the White House in large numbers.

But they were probably no more numerous than those received by the senators and congressmen, and it was only after this public reaction that the House approved a resolution backing Mr. Nixon's stand, and 60 of 100 senators signed a similar document.

One of the hierarchy at the Republican National Headquarters told this reporter it was the most effective use of jawbone diplomacy he had ever seen, and that Mr. Nixon would resort to it in coming months, though sparingly.

SPIRO AGNEW will be used more and more this year to help the fortunes of the GOP. His No. 1 assignment is to help the party capture control of the Senate and elect more Republican House members.

Mr. Agnew has already proven himself a crowd-drawer, and look for him to "pack 'em in" at numerous fund-raising dinners. He has been telling many people what they want to hear and, in effect, is the unofficial spokesman for the "Silent Majority." He will continue to woo votes from the George Wallace camp, provided his actions aren't negated by Nixon policy.

But not only will Mr. Agnew be kept busy on the campaign trail, he will take time to prod Congress toward favorable action on the president's program, and to run interference for Nixon on touchy issues.

Chief among these issues continue to be the war, inflation and crime. Clearly the president will need congressional cooperation to deal with these problems.

It is a toss-up whether crime or inflation is the No. 1 domestic problem. Both have been advancing rapidly for several years, even during the one year Mr. Nixon has been in office. This is particularly true of crime, and particularly in the nation's capital.

THE PRESIDENT has pointed the finger at Congress for not approving his crime legislation. But even many of the measures that were approved are turning out to be ineffective.

One congressman recently asked, "What good are new laws, more money and more policemen when there is no real effort to combat crime? What good does it do to hire more policemen if they are recruited from dope addicts and others of questionable character?"

He was, of course, referring to Washington, D.C., where many additional policemen are being hired and an investigation is going on at this writing concerning narcotics users among them.

Inflation? Both Congress and the president insist they want to curb it. But with many, the insistence does not ring quite true because last year Congress voted each member a healthy salary hike -- from \$30,000 to \$42,500 a year, and doubled Mr. Nixon's pay -- to \$200,000 a year.

THE SENATORS and Congressmen find it hard indeed to deny pay raises to postal workers and other government employees on the grounds it would add to inflation after having voted themselves such a raise.

But aside from these three major problems of war, inflation and crime, President Nixon has another major headache which might continue to grow -- the Republicans in Congress who generally oppose him. And neither jawbone diplomacy nor Agnew would be good weapons in an inter-party fight.

## Guest Editorial

CORDELE, GA., COMPANION: "One of the ways in which modern public school educators seek to justify their regular requests for ever-increasing amounts of money is come up with some new program which they claim will 'revolutionize' education. Our schools have been 'revolutionized' so often that a year in which this does not occur is exceptional. These programs follow a regular pattern. They sound very good, great claims are made for them though their promoters seldom like to answer detailed questions about them, and after a few years a great silence falls about them and they are often forgotten. This clears the way for still another program which will 'revolutionize' the schools all over again. ...at the expense of the taxpayer."

### A Lot Of Talk

Everyone talks about pollution, but nobody does anything about it.

There was a time when this paraphrase of the old weather topic was certainly true. But concern about pollution -- whether of the air or of rivers, bays and oceans -- has reached the point where representatives on ALL levels of government are talking about it.

Of course, there's nothing particularly exciting about talk. As far as smog goes, you've been talking about it at home, with friends and with co-workers for years now.

But there are indications that at last a meaningful search is on for ways to lessen pollution of our air and the rest of our surroundings or even to eliminate pollution entirely.

Some officials and others are saying that attack on pollution of all kinds is one of the main issues facing the state Legislature.

Some public agencies are trying experimental use of natural gas instead of gasoline to power internal combustion engines.

And you also hear about electrical-powered vehicles. This energetic approach to fighting smog even sparked a cross-country contest between Caltech and MIT with the entrants banking on watts rather than octane for power.

Some have grumbled that Detroit and/or the oil companies have resisted efforts to clean up the operation of gasoline-driven engines.

And you probably also have heard apocryphal tales about a guy who designed a carburetor that will eliminate smog and at the same time give 33 miles a gallon to American cars now on the road. The story also claims that "they" -- the oil companies and auto manufacturers -- have bought the patent on the smog eliminator, and so on.

Well, it's an interesting tale. The intention here isn't to argue for or against the truth of the story. This is, of course, only one version of it. Another claim is that -- and you've probably heard this one, too -- a pill has been invented that is plopped into the gas tank, giving approximately the same results.

But the intent is to encourage continuing communication with our city councilmen, county supervisors and state senators and assemblymen to show we all are interested in cleaning up pollution, whether we breathe it, drink it or see it.

The effort isn't all in government quarters, of course. Private industry already has begun spending money on research to combat smog and water pollution. But the concern of government -- that is, concern of the people -- over pollution can only be a beneficial sign to industry and government officials alike: now is the time to DO something about our environment.

## Current Comments

OKMULGEE, OKLA., NEWS: "In a rural area in South Carolina -- where investigators have said serious poverty conditions exist -- the first food van is soon to go into operation, run by a chain grocery outlet. The store agreed to launch the project in an effort to bring food to the poor, who will in some cases receive food stamps by mail. Thus those who live in rural areas and who might have difficulty getting into town for fresh food regularly, can stop the truck and do their grocery shopping by the side of the road. It may be that in the near future enterprising grocers will begin to operate traveling grocery vans."

The results of a survey reported by The Oil and Gas Journal indicate coal has moved ahead of tar sands and oil shale as the oil industry's favorite hedge against possible future shortages of liquid crude. Additionally, the survey showed at least 26 major oil companies and large independents are searching for or producing a long list of minerals other than crude. Uranium is the most coveted.

OKDALE, LA., JOURNAL: "Despite all you hear about conservation of natural resources in America, the chances are the first resource to be exhausted may prove to be the taxpayers."

WEST POINT, MISS., LEADER: "Modern history, like those modern pain relievers one hears so much about, is fast-acting. ## CURL UP WITH A NEW BOOK

"Get Yamamoto"  
By Burke Davis  
An engrossing account, true but almost reading like fiction, of an encounter in the Pacific in World War II. Tells the story of Admiral Yamamoto, Commander-in-chief of the Japanese Navy, as well as that of the American fighter pilots over the jungles of Bougainville.

"The cotton-pickers"  
By B. Traven  
The author is a brilliant story teller who satisfies at the action and adventure level, while directing his theme at the subconscious. Story of a reporter; young, always broke, American on the bum, earning his food from temporary jobs -- cotton picker, cattle drover, etc. The events he witnesses are reported with humor and tragedy.

**RAIN**  
It starts quietly and if it doesn't stay, it will be most welcome, but please Mother Nature, no floods this year. Give us a break, at least until the channels are completely repaired.

**NEW CITY EMPLOYEE OFFICERS**  
Larry Dilley will again head the Upland City Employees Association. He was elected at the December meeting as were the other following officers, Ernie Miller, vice president, Jack Penner, Secretary, and Ruth Land, Treasurer. Board of Directors are Marge Pruneri, Joe Flores, Roy Piel and Jerry Wulf. Bill Smith will serve as Sergeant-At-Arms. Installation of the officers will be held Friday night, Jan 16, in a gala at the Holiday Inn, Ontario.

**HATS OFF**  
Hats off to the MOD Squad (March of Dimes) at the Upland Junior High School. These fine teenagers are proving once again that the younger generation is concerned enough about others to do something. They are devoting their time to the March of Dimes drive. We say hats off to them.

**FUN EVENING**  
Speaking of the March of Dimes, save Friday, Jan. 30 for the big Hawaiian Luau to be held at the Olive Tree Restaurant, San Antonio Avenue and Foothill Boulevard. It is being planned by Abe Santos, well known entertainer for the March of Dimes and will have celebrities by the dozens. All you can eat and drink for a \$10 donation. For reservations call Santos at 982-1817. Have fun and help a cause.

## Let's Laugh

## Upland Host Lions Club Sponsors Free Clinic

Somewhere in the West End today are more than 800 persons who two years ago valued their eyesight enough to spend one hour's time protecting it.

Among these more than 800 persons, there are some whose eyes today because they cared 24 months ago. These are the ones who had glaucoma detected by

volunteer medical staff members on a chilly January day in 1968.

A free one-day glaucoma detection clinic is scheduled again this year by Upland Host Lions Club and coordinated by the Southern California Society for the Prevention of Blindness. It will be held Wednesday, January 28, from 3 to 7 p.m. at First Presbyterian Church, 869 N. Euclid Ave., Upland.

Glaucoma causes approximately one-third of all blindness in adults over 35 years of age. Tragically, it may exist with no marked symptoms. If diagnosed and treated properly, glaucoma can be stemmed. Sight already lost cannot be regained.

The Society reports that the detection procedure takes about one hour. There is no cost.

## MOD Squad Aid Drive

National Teen Day for the March of Dimes was scheduled today in Upland, with young volunteers going house to house selling candy.

The corps of young workers, explains Bob Nolan, Upland Junior High School principal, is called the MOD Squad. In this case, the MOD refers to the March of Dimes.

And Upland boasts the only MOD Squad on a junior high

campus in the nation, Nolan says. Formed here last October as a service club, the UJHS group has a membership of 59 girls and four boys, all of whom are helping with the March of Dimes fund-raising and the mailing of collection envelopes for MOD contributions.

MOD Squad members also are to be placing March of Dimes collection boxes in business firms in Upland.

## Second KFC Store Opened By Couple

The success of their Colonel Sanders Kentucky Fried Chicken store at Foothill Boulevard and San Antonio Avenue (Upland Square Shopping Center) has prompted the owners, Mr. and Mrs. Jack Coker, to open a second store, located in Montclair at 9635 Central Ave.

The Cokers opened their Upland store, Dec. 2, 1968, and were the 192nd franchised CSKFC in California. The new Montclair store is number 245.

Warren Wood is the Upland store manager and Dennis Muller, the assistant manager.

The Cokers with their four children, moved to Upland from Inglewood prior to opening the Upland store. They plan the same fine service at their Montclair store that has been their hallmark in Upland.

# Auxiliary Will Hold January Luncheon

The San Antonio Community Hospital Women's Auxiliary will hold its monthly luncheon and business meeting in Alta auditorium at the hospital on Monday, Jan. 19. Luncheon will be served at 12:30, followed by the panel of speakers at 1:10 p.m. L. J. Parker, M.D., Chief Leon Lamphear of the Upland Fire Department, and L. B. Hudson, representative from the California Highway Patrol, will discuss "Emergency Care and Disaster Planning."

Dr. Parker received his pre-medical education at Green Mt. Junior College, Vermont, and Stanford University. He completed his medical education at the University of Vermont, College of Medicine, and served his internship at Cottage and County Hospitals, Santa Barbara. He has been a member of the Medical

staff of San Antonio Community Hospital since 1954. He has served on various medical staff committees and is currently President-elect of the Medical Staff, as well as a member of the Medical Committee, Tissue Committee, and Medical Staff Planning Committee.

Chief Lamphear came to Upland as a child from Missouri. During World War II he served as a pilot and 2nd lieutenant, becoming a combat crew instructor in 1944 and teaching until the end of the war, in 1946 he started as an engineer with the Upland Fire Department and was Upland's first fire inspector, a job that lasted seven years. He became Fire Chief in 1964 and has proved to be an expert in his chosen career.

Officer L. B. Hudson, California Highway Patrol, has been in the information and education department in the Pomona area for the past eight years. He has been with the overall organization for 19 years.

Mrs. Hurley Robinson, president of the Women's Auxiliary, extends an invitation to all interested women of the community to attend this meeting. Luncheon reservations may be made by calling Jean Grace at the hospital, 985-2711, by Friday, Jan. 16.

## SB Demos Plan Meeting

On Saturday Jan. 17, San Bernardino County Democrats will hold a County-wide Convention and Workshops at San Bernardino Valley College on Mt. Vernon Avenue from 10 a.m. to 5 p.m. to discuss acute social and economic problems.

Workshops will be held in the areas of Youth and Electoral Process, Human Relations, Quality of Life and Environment, Tax Reform and Education, Narcotics and Law Enforcement and Senior Citizens.

Workshops will be held in the Business Education Building, parking is available in the college parking lot at the rear of Kinney's Shoe Store. Registration and coffee will begin at 9:30 a.m.

Reservations for lunch should be made with Club Presidents or with Howard Barto at 825-7249 or with Dr. W. B. Townsend at 825-0630 or 825-3421 by Jan. 15.

## PTA News

### VALENCIA ELEMENTARY

Featured guest speaker at Valencia Elementary School PTA meeting, Thursday, Jan. 22, will be sculptress Betty Davenport Ford.

The local artist will spend the day at the school demonstrating the art of working with clay, and each student will have the opportunity to sculpture clay objects.

Mrs. Ford will return to the school the same evening for the 7:30 PTA meeting. She will speak on "A Day With Your Children."

Students will hold a bake sale

following the meeting to help defray costs of the program.

### SIERRA VISTA

Starting the new year with a new idea, Sierra Vista PTA will present an Amateur Night on Thursday, Jan. 29.

Mr. and Mrs. James Alsover are acting as talent co-ordinators. Fourteen acts have been scheduled but auditions are still open, and will be held tonight, Thursday, Jan. 15, and Friday, Jan. 16 at 7:30 p.m.

Dress rehearsal is scheduled for Thursday, Jan. 22, 7:30 p.m.

## Women's Church News

### CATHOLIC DAUGHTERS

Court Our Lady Fatima No. 1387, Catholic Daughters of America, listened to Rev. Bernard Tomassetti, at a recent meeting. The reverend is a Capuchin missionary from South Highlands, New Guinea. He is the son of Mrs. Tito Tomassetti, and is home on a six month leave of absence.

Following the talk by Rev. Tomassetti, a business meeting was held. Mrs. Edward Duffy, membership chairman, reminded members of the reception for new members, to be held Feb. 23.

### CHURCH WOMEN UNITED

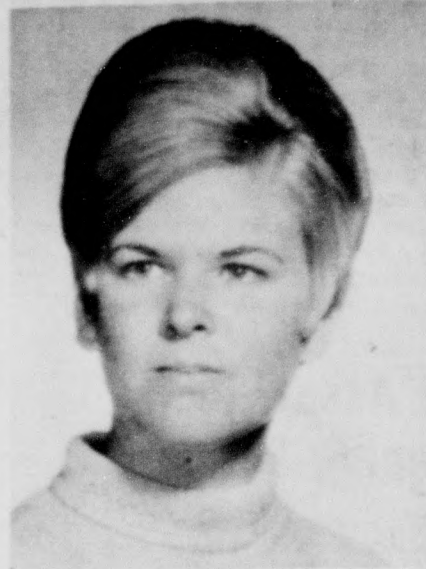

The Church Women United recently held an annual installation of officers at the First Presbyterian Church of Upland.

Mrs. Harvey Shirk was installed as president, Mrs. William Moision, first vice president; Mrs. J. E. Boyd, second vice president; Mrs. Elmer Kuter, secretary; Mrs. Ona Welch, treasurer; Mrs. Robert Barry, celebrations chairman; Mrs. Harold McCreight and Mrs. Opal Riley, nominating committee; and Mrs. Alex McLeish, chairman ecumenical development and action.

NEW EMBLEM--Favorable public comment has greeted the wearing of the American flag emblem by the Upland police officers, Chief John Wessely said today. "The flag emblem is being worn on the left shoulder as part of the officer's uniform and is a symbol of law and order, freedom and justice and protection for the law abiding," the chief said. Shown getting one of the patches is (right) officer Virgil Bramblet, giving out the patch is Capt. Howard Seay.

# Upland Woman's Club Presents Annual Card Party

TIME OUT -- Taking time out from the card table to sample goodies at the tea table are Mrs. William M. Donnelly, left, card party chairman; Mrs. Lewis Stokes, Upland Woman's Club president; and Mrs. B. J. Helmick, door prize chairman.

## Today's WOMEN

NEW OFFICERS -- Installation was held recently for new officers of the St. Joseph's Altar and Rosary Society. Installed were Mrs. Andy Torta, president, Mrs. Thomas Lucero Jr., vice president, Mrs. Al Velto, secretary, and Mrs. Peter Ticich, treasurer.

The Upland Woman's Club will present an annual Card Party on Tuesday, Jan. 20, 1 p.m. at the Womans Club clubhouse.

The Wonderful World of Travel is the theme that has been selected for the Card Party. Decorations will include travel posters and maps used as gift wrap for table prizes and also used to cover the card tables. Table prizes, even though kept secret, are "imported gifts". Several door prizes will be awarded. A "travel tree" will round out decorations for the card party.

Dessert and coffee will be furnished by members of the Womans Club.

Chairman for the card party are Mmes. William M. Donnelly, general chairman; L. H. Banta co-chairman and tickets; Leigh Hunt, reservations; E. C. Lindenberg, decorations; Jack Dority, refreshments; Charles Benninghoff, travel tree; Fred Robertson, table prizes and table decorations; B. J. Helmick, door prizes; John J. Robison, publicity; and Miss Sadie Brainerd, tallies.

Reservations are now being taken by Mrs. Leigh Hunt, 984-6975. Proceeds from the Card Party will be used for community services. Donation is \$1.50.

YOU TRUMPED OUR TRICK -- A casual practice hand of bridge ends in disaster as Mrs. E. C. Lindenberg, center, announces her partner trumped their own trick. From left, partner Mrs. John Robison, Mrs. L. H. Banta, Mrs. E. C. Lindenberg and Mrs. Leigh Hunt. The ladies were practicing for the upcoming Upland Woman's Club Card Party.

## Clipperton-Pickering Recite Vows

A December candlelight ceremony at the Mountain View Free Methodist Church united in marriage Edith Adeline Clipperton, Ontario and Frank I. Pickering, Upland.

The ceremony was performed by Rev. Marvin L. Galbreath, assisted by Rev. Lee Kirk. The bride was escorted to the altar by her son, David Schultz, Covina.

Mrs. Evelyn M. Barnes, Victorville, daughter of the bride, served as Matron of Honor. The groom was aided by Best Man Claud Romine, Ontario. A reception was held in the fellowship hall of the church following the ceremony, and was attended by 130 guests.

Following a honeymoon in Hawaii, the Pickerings will reside in Upland.

## DAR Members Attend Party

Members of San Antonio Chapter, Daughters of the American Revolution and their husbands and guests enjoyed a Christmas party Monday, December 29, at the home of Mrs. Hugh A. Thatcher in Claremont.

A program was presented by Mrs. Althea Correll. The subject was Upland's Australian sister city, Mildura.

Following the program there was a short business meeting, during which delegates to the DAR State Conference were elected. Delegates are the vice-regent, Mrs. Maurice Bonillas, Mrs. Willis J. Hutchinson, Mrs. C. G. Kissick and Mrs. Oswald Thomson. Alternates are Mrs. Newton Carman and Mrs. Jacob Shinkle.

Maj. and Mrs. Frank I. Pickering

## Artist Wood Guest Speaker

## FOR THE FAMILY MANAGER

ITEM: There's a right and a wrong way to carve meat. Start with a cutting board, a sharp knife and an anchoring fork. Cut across the grain.

ITEM: Company coming for dinner? Home economists say that each person needs at least 21-24 inches of tablespace for dining comfortably. Some guests would prefer to sit at a separate table than worry about elbows during the meal.

## Creative Contests Announced By Libraries

Now that the holidays are over, maybe you would like to get involved in creative contests. The Upland and Cucamonga libraries and the Fine-Arts Coordinating Council of the Chaffey Communities Cultural Center are sponsoring monthly contests in writing and arts.

Subject areas are January, photography; February, ornamental needlework and woodcarving; March, fine and graphic arts (posters, prints etc.); April, Essays and articles and May, chalk-in. The following are the rules for submitting items to the contests:

1. Each contest will be open to all people of all ages. The

divisions are: Grades K-3, 4-6, 7-8, 9-12, and Adults.

2. Certificates will be awarded for first, second and third place and for honorable mention, in each division each month.

3. Judging will be done by specialists in the field of entry for the month; e.g., West End Symphony members, art association members, theatre groups.

4. Contestants may submit their entries to any participating library between the 1st and 16th day of the month.

5. All material submitted must

contain the following information, on back of each page or attached to each piece of art work: name, address, phone number, name of library receiving entry, date received by library.

6. All manuscripts become the property of the library which received it. Arrangements must be made between the library and contestants for return or display of art work.

7. Sponsors are not responsible for loss or damage of entries.

8. Final decisions will be announced on the first Friday of the month following the contest for which entries are submitted.

## Four Days Registration At Chaffey

ALTA LOMA-Counseling is scheduled for Chaffey College evening students from 6 to 9 p.m., Mondays through Thursdays, with a spring semester registration period ahead limited to four days.

Guidance dean Leslie H. Stanlea urged evening students to see counselors "as soon as possible for educational advice" before the registration period rush.

The admissions office here has set Jan. 20 as the final day for all students to pre-register here.

The registration period is Jan. 21, 22, 23 and 28, with the spring semester starting Feb. 2.

"Whether they are day or night students, full-time or part-time, they should pre-register right away to get into the classes they wish," admissions dean, Donald K. Ketchum said.

## Inheritance Tax Appraisers Test

A statewide examination will be conducted March 14 to develop a list of qualified candidates for future appointments as State Inheritance Tax Appraisers, according to State Senator Bill Coombs (R-San Bernardino County).

The State Personnel Board will administer the four-hour written examination at Los Angeles, San Francisco, Sacramento, Redding and such other locations as the number of candidates and conditions warrant, State Controller Houston I. Flournoy announced.

Those who qualify through the examination will be placed on an eligibility list for consideration of appointment when vacancies occur in their counties, Coombs said. There presently are 168 inheritance tax appraisers throughout the State. The law requires at least one appraiser per county.

Coombs said he hopes the examination will establish a list of qualified candidates representing all counties so that all future appointments may be made from such a list. The Controller is permitted to choose the appointees arbitrarily if he wishes, but Flournoy instituted the qualification examination and an informal civil service system shortly after taking office in 1967.

Qualified candidates remaining from the earlier examination, and inheritance tax appraisers now serving will not be required to take the new examination.

Coombs said formal announcement bulletins with full details of the examination are available from an State Personnel Board office and from the office of the State Controller, P.O. Box 1019, Sacramento Calif. 95805. Applications must be received by the State Controller prior to midnight Feb. 13.

## 141 Launches

Natural gas distributed by Southern California and Southern Counties Gas Cos. last year would have provided enough energy to launch 141 Apollo missions each day.

## NOTICE OF TRUSTEE'S SALE

On the 13th day of February, 1970, at 11:00 A.M., at the North entrance to the County Courthouse, situated in the City of San Bernardino, County of San Bernardino, State of California, Continental Auxiliary Company, a California Corporation, as trustee under Deed of Trust dated March 17, 1966, executed by JAMES F. KEESHEN and AIMEE R. KEESHEN, husband and wife, and recorded on March 18, 1966, in Book 6591, Page 432, of Official Records of County of San Bernardino, California, given to secure an indebtedness in favor of BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, a national banking association by reason of the breach of certain obligations secured thereby, notice of which was recorded on October 7, 1969 in Book 7315, Page 894, of Official Records of San Bernardino County, and more than three months have elapsed since such recordation, will sell at public auction to the highest bidder for cash, payable in lawful money of the United States of America, at time of sale, without covenant or warranty, express or implied, as to title, possession or encumbrances, the interest conveyed to and now held by the said Trustee under said Deed of Trust, in and to the following described property, situated in the County of San Bernardino, State of California, to-wit:

Portion of Lot 4, Block 11, Monte Vista Tract, as per plat recorded in Book 11 of Maps, page 34, records of said County, described as follows:

Beginning at the Southwest corner of said Block 11, said corner being the intersection of the center line of Fremont Avenue and Benito Streets, as shown on the map of said Tract; thence Easterly along the center line of Benito Street, 785 feet to the true point of beginning, said point also being the Southwest corner of the land described in the deed to Hecht Markets, Inc., recorded December 30, 1955, as Instrument No. 142, in Book 3822, page 142, Official Records of said County, in the office of the County Recorder; thence Northerly along the Westerly line of said Hecht Markets property, 253 feet; thence Westerly parallel to the center of Benito Street, 100 feet; thence Southerly parallel to the center line of Fremont Avenue, 253 feet more or less to the center of Benito Street; thence Easterly along the center line of Benito Street, 100 feet more or less to the true point of beginning.

NOTE: The area and distances of the above described property are computed to the centers of the adjoining streets shown on said map.

For the purpose of paying obligations secured by said Deed of Trust, including fees, charges, and expenses of the Trustee, advances, if any, under the terms of said Deed of Trust and interest thereon.

## Easter Seal Drive Chairman Named

Sheriff Frank Bland has been named chairman of the 1970 Easter Seal campaign in San Bernardino County.

Dr. John L. Lounsbury, president of the Easter Seal Society for Crippled Children and Adults of San Bernardino County, said Sheriff Bland will lead volunteers during the annual appeal campaign that will open Feb. 23 and continue through March 29, Easter Sunday.

"I am deeply honored to take on this responsible role," said Sheriff Bland, in accepting the chairman ship. "The Easter Seal Society is a voluntary agency which has taken leadership in providing help for the handicapped of our county for 25 years, and the needs for rehabilitation are growing."

"This campaign marks the 25th Easter Seal drive held in the county since the Society was organized and held its first campaign in 1945. Each year has seen a growth of persons served through the funds contributed for the purchase of Easter Seals in these past 24 campaigns, and this drive will be no exception. In fact, this past year, the Society has shown the greatest growth of any year, mostly because of the expansion into its new rehabilitation center," he pointed out.

"Last year, 797 handicapped persons in San Bernardino County received help from the Society," Sheriff Bland explained. "But needs of the handicapped, and costs of providing expert professional care are

rising, and more money than ever before will be needed," he added.

The campaign will include the traditional Easter Seal mail appeal. In addition, several special events are planned, including Lily Days March 26, 27, and 28; a hole-in-one golf tournament, and "Buck-a-Cup" coffee day Good Friday, March 27.

"The people of San Bernardino County have always responded to our needs, and I feel certain they will make it possible to increase Easter Seal services to the crippled during the coming year," said Sheriff Bland.

The Easter Seal campaign is conducted annually by some 2,000 state and local affiliates of the National Easter Seal Society for Crippled Children and Adults, which celebrated its 50 anniversary in 1969. Last year, rehabilitation services were given to over a quarter million crippled children and adults by Easter Seal agencies.

In the two years the Alta Loma High P.T.A. Employment Service has been in operation, over 200 students have acquired jobs. But 43 girls and 30 boys are still seeking part time or temporary employment of some kind to help them with everyday expenses of clothes, school supplies, and activities while full-time students.

Jobs they are anxious to get are baby sitting, house and/or yard cleaning, typing, sales clerk, dish washers, painting, grove cleanup, smudging, hauling, and/or ranch work.

Requests from residents, shops, stores, or business owners for student help should be directed to Mrs. Schlereth, 987-1297 or Mrs. Young, 987-2582.

The students are 14-18 years of age and eager to earn. They are qualified in many skills to fit community needs. Every Wednesday, from 10:45 to 12:10, employment service director Mrs. Schlereth interviews students for jobs and takes applications for jobs. If you need help, please call. Students are eager to earn while they continue their education.

## Students Need Part-time Jobs

There are seven times as many gas lights in use today as there were at the height of the celebrated Gas Light Era of the 1890s.

ty as follows:

(a) PURPOSE: The purpose  
of the provisions of this  
Chapter of the Zoning Regula-  
tions shall be to safeguard and  
enhance property values; to  
protect public and private in-  
vestment in buildings and open  
spaces; to preserve and im-  
prove the appearance of the  
City as a place in which to  
live and work, and as an at-

# LEGALS

traction to non-residents who  
come to visit or trade; to en-  
courage sound signing prac-  
tices as an aid to business  
and for the information of the  
public but to prevent exces-  
sive and confusing sign dis-  
plays; to reduce hazards to  
motorists and pedestrians;  
and to promote the public  
health, safety, and general  
welfare.

(b) POLICY: It is the policy  
of the City, in adopting the  
sign provisions of this Chap-  
ter of the zoning ordinance, to  
provide standards for the  
regulation of the zoning as-  
pects of signs. The regula-  
tions herein shall be consid-  
ered either the minimum or  
maximum standards for all  
those matters to which they  
refer.

1. GENERAL PROVISIONS  
(a) DEFINITIONS PERTAIN-  
ING TO SIGNS - The follow-  
ing words and phrases, when-  
ever used in this Chapter,  
shall be construed as defined  
in this Section:

(1) Advertising Structure  
shall mean a structure of any  
kind or character, erected or  
maintained for outdoor adver-  
tising purposes, upon which  
any poster, bill, printing,  
painting, or other advertise-  
ment of any kind whatsoever  
may be placed, including sta-  
tuary for advertising pur-  
poses.

(2) Animated Sign shall  
mean any sign which is de-  
signed and constructed to give  
its message through a se-  
quence of progressive changes  
of parts or lights or degree  
of lighting.

(3) Appurtenant Sign shall  
mean any sign which directs  
attention to an occupancy,  
business, commodity, serv-  
ice, or entertainment con-  
ducted, sold or offered only  
upon the premises where the  
sign is maintained as distin-  
guished from a sign which  
directs attention to or ad-  
vertises an occupancy, com-  
modity, service, or enter-  
tainment supplied or originat-  
ing on other premises.

(4) Area of a sign shall  
mean the entire area within a  
single, continuous perimeter  
enclosing the extreme limits  
of writing, representation,  
emblem, or any figure or  
similar character, together  
with any frame or other ma-  
terial or color forming an  
integral part of the display,  
or used to differentiate such  
sign from the background  
against which it is placed;  
excluding the necessary sup-  
ports or uprights on which  
such sign is placed, and su-  
perfluous, non-illuminated  
column covers, ornamental  
trim, and other such inci-  
dental objects attached ther-  
eto which are not designed  
to convey a message; and ex-  
cluding a reasonable amount  
of non-encompassed open  
area. Where a sign has two  
or more faces, the area of  
the largest shall be included  
in determining the area of  
the sign, except that where  
two such faces are placed  
back to back and are at no  
point more than two (2) feet  
from one another, the area  
of the sign shall be taken as  
the area of one face if the  
two faces are of equal area,  
or as the area of the larger  
face if the two faces are of  
unequal area. In the case of  
spherical or cylindrical signs,  
the area shall be one-half (1/2)  
of the surface area of said  
signs. In the case of semi-  
cylindrical signs, the surface  
area shall be the total sur-  
face area.

(5) Attached Sign shall mean  
any sign which is supported  
wholly by a building or struc-  
ture, other than by a sign  
structure. Any roof sign, as  
defined herein, shall be con-  
sidered an attached sign.

(6) Bulletin Board shall  
mean a sign of permanent  
character, but with movable  
letters, words or numerals,  
indicating the names of per-  
sons associated with, or  
events conducted upon, or pro-  
ducts or services offered up-  
on the premises upon which  
such sign is maintained.

(6-01) Construction Sign  
shall mean a sign stating the  
names of those individuals or  
businesses directly connected  
with the construction project,  
their addresses, and their  
telephone numbers.

(7) Detached Sign shall  
mean any sign which is not  
at attached sign as defined  
herein.

(8) Development Sign shall  
mean a sign listing the ar-  
chitect, landscape architect,  
engineer, planner, contrac-  
tor, or other person or firm  
participating in the develop-  
ment or construction or fin-  
ancing of the project on the  
premises.

(9) Directly Illuminated  
Sign shall mean a sign de-  
signed to give forth artificial  
light directly or through  
transparent or translucent  
material from a source of  
light visible from the street  
or from the abutting property,  
including but not limited to  
exposed tubing neon signs.

(10) Erect Sign shall mean  
to build, construct, attach, hand,  
place suspend, or affix to or  
upon any surface.

(11) Face of Building shall  
mean the general outer sur-  
face of a main, exterior wall  
of a building. The area of the  
face of a building shall be the  
total area of such surface, in-  
cluding the area of doors and  
windows which open into such  
surface.

(12) Freeway shall mean a  
highway in respect to which  
the owners of abutting lands  
have no right or easement of  
access to or from their abut-  
ting lands, or in respect to  
which such lands have only  
limited or restricted right of  
easement of access, and which

# LEGALS

is declared to be such in com-  
pliance with the "Streets and  
Highways Code" of the State  
of California.

(13) Frontage shall mean  
the length of a lot along a  
street or other principal pub-  
lic thoroughfare, but not in-  
cluding such length along an  
alley, watercourse, or rail-  
road.

(13-01) Grand Opening shall  
mean that promotional activity  
used by newly established  
businesses, within sixty (60)  
days after occupancy, to  
proudly inform the public of  
their location and contribu-  
tion to the business commu-  
nity. "Grand Opening" does not  
mean the annual or occasional  
promotion of retail sales by a  
business.

(14) Height of Sign shall  
mean: (a) the vertical distance  
from the upper-most point of  
the sign to the ground im-  
mediately below such point or  
to the level of the upper sur-  
face of the nearest curb of a  
street or alley (other than a  
structurally elevated road-  
way), whichever measurement  
permits the greater elevation  
of the sign; and (b) in the  
case of freeway-oriented  
commercial sites which are  
located within seven hundred  
(700) feet (measured at right  
angles from the centerline of  
said freeway to the proposed  
sign location), the maximum  
sign height regulations of  
twenty-five (25) feet shall ap-  
ply to the vertical distance  
from the uppermost point of  
the sign down to a horizontal  
line drawn at the elevation  
point of intersection from the  
right-angle point of surface  
of the structurally elevated  
roadway of the freeway.

(15) Identification Sign  
shall mean a single-frame  
sign, other than a bulletin  
board, which advertises or  
directs attention to an occu-  
pancy, major business, com-  
modity, service, or enter-  
tainment conducted, sold or  
offered only upon the pre-  
mises where the sign is main-  
tained.

(16) Indirectly Illuminated  
Sign shall mean a sign whose  
illumination is reflected from  
its source by the sign display  
surface to the viewer's eye,  
the source of light not being  
visible from the street or  
from abutting property, or  
any sign for which the light  
travels through a shield or  
material other than the bulb  
or tubing necessary to enclose  
the light source, which shield  
or material has the effect of  
dispersing the light before it  
strikes the eye of the viewer,  
including neon signs having  
no exposed or visible tubing.

(17) Landscaped Freeway  
shall mean a section or sec-  
tions of a freeway which is  
now, or hereafter may be,  
improved by the planting of  
lawns, trees, shrubs, flowers,  
or other vegetation upon the  
freeway right-of-way. Any  
dispute as to what is or is not  
a landscaped freeway, as de-  
scribed above, shall be sub-  
mitted to the Planning Com-  
mission for its determination.

(17-01) Lot, Corner shall  
mean a lot located at the inter-  
section of two or more public  
or dedicated streets. A corner  
lot shall not have an angle, at  
intersecting streets, of more  
than one hundred thirty-five  
(135) degrees.

(17-02) Lot, Interior shall  
mean a lot other than a corner  
lot.

(18) Multiple-Occupancy  
Commercial Building shall  
mean a building wherein two or  
more separate, independently  
owned or operated commer-  
cial occupancies are contained.

(19) Multiple-Occupancy  
Commercial Site shall mean a  
parcel of land as designated in  
current Assessor's Parcel  
Map Book, wherein two or  
more separately, independ-  
ently owned or operated com-  
mercial occupancies are con-  
tained.

(20) Name Plate shall mean  
a sign serving to designate  
only the name, or the name  
and professional occupation,  
of a person occupying, or per-  
sons residing in, or oper-  
ating a business on, the pre-  
mises upon which such sign  
is maintained.

(21) Nonappurtenant Sign  
shall mean any sign which  
does not qualify as "appur-  
tenant" under sub-paragraph  
(3) above.

(21-01) Planned Integrated  
Neighborhood Shopping Cen-  
ter shall mean a "multiple-  
occupancy commercial site"  
developed as individual acre-  
age and held in one owner-  
ship having a gross area of  
not less than five (5) acres,  
and designed to provide five  
or more retail outlets.

(22) Portable Sign shall  
mean any sign not designed  
to be attached to a building  
or anchored to the ground.

(23) Posterboard Sign shall  
mean a single or double-faced  
sign of frame construction,  
permanently fixed or placed  
on the premises, which may  
have "change-copy", includ-  
ing cloth signs not exceeding  
twenty-four (24) sq. ft. for  
each face, and not exceeding  
eight (8) feet in height.

(24) Projecting Sign shall  
mean any sign, other than a  
wall sign, which is suspended  
from or supported by a build-  
ing or wall, and which pro-  
jects. Any such sign suspend-  
ed under a marquee, porch,  
walkway covering, or similar  
covering structure and in a  
place approximately perpen-  
dicular to the wall of the ad-  
joining building, shall be  
deemed to be a "projecting  
sign."

(25) Professional Sign  
shall mean a sign indicating  
the name or names and occu-  
pation or occupations of a  
professional person or group  
of associated professional

# LEGALS

persons occupying the pre-  
mises.

(26) Real Estate Sign shall  
mean a sign advertising the  
sale, rental, or lease of the  
premises upon which the sign  
is maintained, including a  
"subdivision sign."

(27) Roof Line shall mean  
the upper edge of any building  
wall or parapet, exclusive of  
any sign tower for any flat-  
roof structure; or, the ridge  
line at the top of the roof, ex-  
clusive of any sign tower for  
any gabled-roof structure.

(28) Roof Sign shall mean  
any sign of any nature, togeth-  
er with all its parts and sup-  
ports, exclusive of a sign  
tower, which is erected, con-  
structed, or maintained on or  
above the roof or parapet of  
any building; all roof signs  
shall be considered attached  
signs.

(29) Sign shall mean any  
card, cloth, paper, metal,  
painted, or wooden sign of any  
character placed for outdoor  
advertising purposes, on or to  
the ground or any tree, wall,  
bush, rock, fence, building,  
structure, or thing, either pri-  
vately or publicly owned other  
than an advertising structure.  
Sign shall mean any graphic  
announcement, declaration,  
demonstration, display, illus-  
tration, or insignia used to ad-  
vertise or promote the inter-  
est of any person when the  
same is placed out of doors in  
view of the general public,  
provided that this definition  
shall not include display of  
the American Flag or the flag  
of the State of California.

(30) Sign Tower shall mean  
a tower which is erected for  
the primary purpose of sup-  
porting a sign.

(31) Stationary Sign shall  
mean a sign which does not  
revolve, oscillate, or move  
and has no flashing, blinking  
or moving lights.

(32) Wall Sign shall mean  
any sign attached to or erect-  
ed against the wall of a build-  
ing or structure with the ex-  
posed face of the sign in a  
plane parallel to the plane of  
said wall and not projecting  
more than two (2) feet.

(33) Wind Sign shall mean  
any sign in the nature of a  
series of two or more ban-  
ners, flags, pennants, or other  
objects fastened in such a  
manner as to move upon being  
subjected to pressure by wind  
or breeze.

(34) Window Sign shall  
mean any sign painted, at-  
tached, glued, or otherwise  
affixed to a window, or other-  
wise easily visible from the  
exterior of the building.

(b) EXEMPTIONS - The pro-  
visions and regulations of this  
Article shall not apply to the  
following signs, nor shall the  
area of such signs be included  
in the area of signs permitted  
for any lot or use:

(1) Directional or Informa-  
tional Signs not more than five  
(5) sq. ft. in area, bearing no  
advertising message and lo-  
cated wholly within the lot to  
which the sign is appurtenant;  
signs not exceeding one (1)  
sq. ft. in area, erected for the  
convenience of the public,  
such as signs identifying  
restrooms, public tele-  
phones, walkways, and simi-  
lar features or facilities.

(2) Memorial Signs or Tab-  
lets, names of buildings and  
dates of erection, when cut in-  
to the surface or the facade  
of the building or when pro-  
jecting not more than two (2)  
inches.

(3) Traffic or Other Muni-  
cipal Signs (signs required  
by law), railroad crossing  
signs, legal notices, and such  
temporary emergency or non-  
advertising signs as may be  
authorized by the City Coun-  
cil.

(4) Signs of Public Utility  
Companies indicating danger  
or which serve as an aid to  
public safety or which show  
the location of underground  
facilities or of public tele-  
phones.

(5) Time and Temperature  
Devices, not higher than per-  
mitted detached signs, located  
on private property and bear-  
ing no advertising message.

(6) Newspaper Stands, pro-  
vided the sign area does not  
exceed six (6) sq. ft.

(7) One Real Estate Sign  
on any lot, provided such sign  
is located entirely within the  
property, is unlighted, does  
not exceed six (6) sq. ft. in  
area and is removed within  
fifteen (15) days after the  
close of escrow, or the rental  
or lease has been ac-  
complished.

(8) House Numbers, non-  
illuminated or directly il-  
luminated - No Trespassing,  
No Parking, and other warn-  
ing signs - located on the lot  
to which the sign is appur-  
tenant and not exceeding four  
(4) sq. ft. in area; one non-il-  
luminated or indirectly illu-  
minated name plate not exceed-  
ing two (2) sq. ft. in area for  
each dwelling unit.

(9) Signs located in the in-  
terior of any Building or with-  
in an enclosed lobby or court  
of any building or group of  
buildings, which signs are de-  
signed and located to be viewed  
exclusively by patrons of such  
place or uses.

(c) SIGN REGULATIONS AP-  
PLICABLE IN ALL ZONING  
DISTRICTS

(1) No permit shall be is-  
sued for any new sign within  
the City of Upland until such  
sign is reviewed and approved  
by the Architectural Com-  
mission pursuant to the ap-  
plicable provisions of Sec-  
tion 9110.129 of the Zoning  
Regulations, or by the Ad-  
ministrative Committee pur-  
suant to the applicable pro-  
visions of Section 9110.119  
of the Zoning Regulations.

(2) The sign shall in no  
way endanger the health or  
safety of operators of motor

# LEGALS

vehicles on the streets and/or  
highways through the use of  
motion, sound, or other me-  
chanical devices. Blinking,  
flashing, unusual lighting, or  
other means of animation  
which cause distraction to op-  
erators of motor vehicles  
shall not be permitted on or  
by any sign. Signs that re-  
volve, rotate, or orbit (ex-  
cept symbolic and common  
signs such as the barber pole  
and mortar and pestle, which  
are traditional in nature and  
size) shall not be permitted.

(3) All lighting of signs or  
outdoor advertising located  
within one hundred fifty (150)  
feet of any street intersec-  
tion shall be of such color  
that there will be no confu-  
sion with public signs or sig-  
nals regulating the flow of  
vehicular traffic. The use of  
red, amber, or green colored  
lights shall not be permitted  
in this area.

(4) No nonappurtenant, out-  
door advertising sign or  
structure built or located  
within five hundred (500) feet  
of the centerline of a freeway  
or parkway shall have subject  
matter visible from said free-  
way or parkway as defined in  
the "Streets and Highways  
Code" of the State of Cal-  
ifornia.

(5) No outdoor advertising  
structure may be placed or lo-  
cated on any vacant lot or por-  
cel of land lying between two  
residential buildings, struc-  
tures or uses where said  
structures or uses are less  
than one hundred (100) feet  
apart, nor may any such out-  
door advertising structure be  
located within fifty (50) feet  
of any residential use in the  
same block frontage.

(6) All outdoor advertising  
structures hereafter erected  
in conformity with this Part  
shall be landscaped, and all  
outdoor advertising struc-  
tures, both existing and pro-  
posed, shall be maintained as  
a condition of use. The re-  
quirements of Section 9110.117  
shall apply.

(7) Grand Opening, Annual  
Sale or Special Sale sign pro-  
grams of businesses require  
applications to be submitted  
for approval of proposed writ-  
ing (i.e., pennants, banners  
or other temporary attract-  
ing sign devices) to the Ad-  
ministrative Committee. If  
acceptable, the maximum  
period that these devices are  
to be approved in connection  
with the event is to be for  
fourteen (14) days. The use  
of banners and/or pennants is  
prohibited except in connec-  
tion with this type of sale of  
a business having an approved  
temporary sign program for  
two fourteen-day periods per  
year as approved by the City.  
These periods shall not be  
contiguous.

(8) No sign shall be located  
within, or extend over a pub-  
lic sidewalk or right-of-way,  
except as permitted in the  
"C-1", "C-2", "C-3",  
"C-4" and "PUC" zones.

(9) It is expressly prohib-  
ited to erect temporary or  
semi-permanent signs such  
as paper paste-up, painted,  
portable posterboard, "A-  
board", and mobile types when  
such signs are located out-  
side of buildings, or on ex-  
terior walls and/or on ex-  
terior window surfaces.

(10) Construction signs not  
exceeding fifty (50) sq. ft. may  
be maintained in any zoning  
district on an active construc-  
tion site. A valid Permit must  
be obtained prior to erection  
of the sign. It shall be re-  
moved not later than three (3)  
workdays after the Chief Building  
Official shall have deter-  
mined the project to be com-  
pleted.

(11) Real Estate signs are  
permitted in any zoning dis-  
trict in excess of six (6) sq.  
ft., but not exceeding thirty-  
two (32) sq. ft., with proper  
maintenance, and upon ob-  
taining a valid Permit from  
the Chief Building Official.

(12) All detached signs shall  
be located within a landscaped  
planter which shall have ap-  
propriate dimensions, as ap-  
proved by the Architectural  
Commission or the Adminis-  
trative Committee, at the time  
of sign approval. The incor-  
poration within free-standing  
walls or structures, con-  
structed of masonry, wood, or  
other suitable building ma-  
terial, which is architectur-  
ally harmonious with the de-  
velopment is encouraged.

(13) Detached signs on Eu-  
clid Avenue are expressly  
prohibited except for a busi-  
ness with frontage on Euclid  
Avenue which may have such  
detached sign as may be ap-  
proved by the Architectural  
Commission, providing said  
business can demonstrate to  
the Architectural Commis-  
sion the following facts:

a. That the allowable at-  
tached sign on its building will  
not be adequately visible to  
attract business from Euclid  
Avenue traffic by reason of  
the obstruction of adjacent  
buildings, landscaping, set-  
back line of the applicant's  
own business or other cause;  
and

b. That the proposed de-  
tached sign and the proposed  
placement thereof will blend  
harmoniously with the sur-  
rounding property and the  
beauty of Euclid Avenue.

The decision of the Archi-  
tectural Commission shall be  
appealable to the Council upon  
the same terms and conditions  
as any decision of the Archi-  
tectural Commission is ap-  
pealable in pursuance to the  
terms of this Code.

(14) Billboards, nonappur-  
tenant, or other off-premises,  
outdoor advertising struc-  
tures, except Temporary Real  
Estate Directional Signs as  
provided in Section 9110.109-

K-14, are expressly prohib-  
ited in all zoning districts.

(15) All signs permitted in  
the City shall be maintained  
in a neat, attractive con-  
dition, and in adequate repair  
as a condition to use as de-  
termined by the Chief Build-  
ing Official.

(d) GENERAL REGULA-  
TIONS - No person shall erect  
any sign regulated by this  
Article in the City of Upland,  
without first obtaining a sign  
Permit to do so from the  
Chief Building Official, and  
in conformity with the provi-  
sions of this Article.

(e) CONSENT OF OWNER -  
No person shall erect any sign  
regulated by this Article with-  
out first obtaining and filing  
with the Chief Building Offi-  
cial the written consent of  
the owner and lessee or per-  
son having possession of the  
property upon which the sign  
is situated.

(f) SIGNS HEREAFTER REN-  
DERED NON-CONFORMING -  
Any sign which becomes  
non-conforming subsequent to  
the effective date of this Ar-  
ticle, either by reason of an-  
nexation to the City of the  
territory upon which the sign  
is located, or the amendment  
of this Article of the City Code,  
to render such sign non-com-  
plying, or otherwise, shall  
likewise be subject to the pro-  
visions of the City Code. The  
period within which such sign  
must be abated, as provided  
herein, shall commence to  
run upon the effective date of  
such annexation, the effective

MONTCLAIR'S PHIL MERENDA -- beats Kevin Thomas to the basket in SAL action against Garey in which the Cavaliers dropped their second straight contest. Montclair's failure came at the free throw line, where they missed 8 out of 9 in the final minutes. Looking on are teammates Art Mendoza (25) and Gregg Campbell (45).

## Foothill LL Registration

The 1970 Foothill Little League season is underway with sign-ups scheduled for Feb. 16 and Feb. 23 at Pioneer Junior High School's multipurpose room, to be held from 7 to 9 p.m.

All boys must be accompanied by at least one parent and have with them a certified birth certificate.

There is a need for managers and coaches for this season; anyone interested in working with these boys, are asked to contact Bud Keeney, president of the F.L.L., for more information, at 982-9779.

Try-outs will be held in March at the San Antonio Park.

## Drill Team Clinic Jan. 31

Instruction will be provided in activities involving majorettes, flags, field shows, street patterns, parades, drill team leadership, marching and maneuvering, and music phrasing for students and faculty advisors.

Handling various phases of instruction will be Miss Jane Hilgen-dorf, Arcadia High School drill team advisor; Ron Hoar and Merv Corner, band directors at Arcadia and Alta Loma high schools, respectively; and Cal Poly students Holly King and Nancy Ridd.

Some 500 representatives of 200 Southland high schools are expected to participate in a drill team clinic Jan. 31 at Cal Poly, Pomona.

The event is sponsored by the Drill Team Instructors Association of Southern California. Montclair High School is among the schools to be represented.

Registration begins at 9 a.m. with an awards presentation culminating the day at 3 p.m.

# Cavaliers Perform Well But Get Tripped By Garey

## Upland Highlanders Fall To Chino 77-48

The Highlanders and the Chino Cowboys figured to both be in title contention for the San Antonio League crown, but only Chino displayed championship form as the Cowboys dumped Upland 77-48 last week in SAL opening round.

The Chino team was installed as six-point favorites but they were "ready" for the game as they forced Upland to play its worst game in a long while. The Cowboys forced Upland into several mistakes, accounting for their miserable 22.2 per cent from the floor.

Chino held a 36-22 halftime lead, but their second half antics were even more awesome. They came out and quickly raised their lead to 60-33, behind the strong play of Darcey Bailey.

In the game against the taller Red Devils from Pomona, the Highlanders once again found the going rough as the "big three"

from downtown ripped them apart.

Mike Muir at 6-9 1/2 is the tallest player in SAL and used his height advantage well in scoring 23 points and grabbing 15 rebounds, while teammate Mike Lambert streaked for 27 points and 17 rebounds. Fred Taylor also played extremely well for the Red Devils, as he sank 5 of 7 field goal attempts and blocked three shots. Among the three they scored 60 of the Red Devils 72 points.

The Highlanders did play well behind the shooting of Leonard McDonald, Louis Engle, and Jeff Trobaugh, and held a 16-11 first quarter lead. Upland found themselves behind only 22-19 at halftime, but their offense literally died at that point. Pomona outscored them 20-8 in the third period to destroy any hopes of a Highlander victory.

## MHS Loses Close One By 57-52

It seems that it is going to be one of those years for the Montclair Cavaliers. In a game last week, they almost upset the Ganesha Giants, but lost the game at the free throw line in the last three minutes. They then came back last Friday night to face rugged Garey High. Again the underdogs, the Cavaliers put on a fine show and kept the game within four points, leading on several occasions. But once again the Cavaliers failed at the free throw line in the final minutes when they are most crucial. Montclair lost to Garey, 52-57.

In the game with Ganesha, three of the Cavaliers had a chance to win the game. After Stan Johnson of the Giants scored the winning bucket with 50 seconds remaining, Phil Merenda was fouled and went to the charity line on a one and one situation with 43 seconds left to play. With the score being 59-58, he could have put the Cavaliers back on top, but he missed the first shot, eliminating any chance for a second attempt.

Then with 24 seconds remaining, teammate Tom Smith was granted two charity tosses, but he missed both of them. The game finally ended with Montclair's Dan Ridd attempting a 25-foot jumpshot that bounced off the front of the rim.

Phil Williams and Smith were the leading Cavalier scorers with 12 points apiece, while Ganesha's pair of guards Rich Tharp and Gary Fisher each scored 17 for the winners.

In the Garey contest, the Cavaliers connected on 16 of 17 free throws at one time, but made only one of their last nine attempts when the game was at stake.

Veteran and consistent 20-point-a-game Kevin Thomas paced Garey with 23 points, followed closely by Montclair's Gary Turner who netted 22 points.

## Panthers Still Losing; Streak Stands At 17

Chaffey College's basketball team has just set a record! They are the losingest team in the 86-year history of the school. The Panthers have lost 16 straight games without victory, their latest being an 88-71 loss at the hands of Rio Hondo.

Chaffey suffered its 17th defeat

last Saturday night at the hands of a strong Southwestern team by the score of 86-59. The Panthers trailed by ten points at halftime, but were outscored by 17 points in the second half.

## UHS Wrestlers Upset Montclair

Led by Rick Cossart and Tom Winter, the Upland wrestling team upset last season champion Montclair 38-8 last Thursday. Other winners on the squad were Henry Garcia, Rick Hokewater, Mike Glasheen, Bill Miller, and Bryun Downey.

Upland's next match will be today, Thursday, at 5:30, when they play host to Garey High.

## PONY Sign-Ups

Youngsters are advised that sign-ups for the Cucamonga PONY League will be held at Carnelian School, Saturday, Jan. 24, from 10 a.m. to 1 p.m.

Bill Ware said a parent should accompany each boy if possible. "It's very important to register now," Ware said.

## IEEE Meet

The Foothill Section of the IEEE (Institute of Electrical and Electronics Engineers) and the Cal Poly student Chapter will jointly sponsor a meeting Jan. 20, to review satellite communications. S. D. McCaskey, senior staff engineer with TRW Systems, will describe the present Intelsat III communication satellite as well as the limitations of these satellites.

A dinner will precede the meeting at 6:45 p.m. The dinner costs \$3.25 per person, and dinner reservations are required by Jan. 16. Dinner reservations and further information can be obtained from Chuck Mason 629-5111 Ext. 3759 or Jim Monson 626-8511 Ext. 2086.

## Special Tax Deductions

A check list of special tax deductions for the handicapped is available for the asking at United Cerebral Palsy, 5338 Hollywood Blvd., Los Angeles.

The pamphlet, called "Check List," names the 73 ways a handicapped adult or parents of the handicapped can take legal deductions not always allowed.

It has been estimated that the care and attention necessary for a cerebral palsied child may easily cost \$3,000 per year over the expenditure for the non-handicapped.

To obtain the pamphlet, simply ask for "Check List."

The Knapp Outdoor Advertising Company of Tulsa, Okla., joined the Donrey Media Group effective Dec. 31, 1969.

The announcement was made jointly by Donald Reynolds Jr., executive vice-president of Donrey, and George Knapp Jr., from whom the company was purchased.

Knapp will remain as general manager of the plant. The Tulsa based company becomes the fourth and largest outdoor operation in the Donrey Media Group. The plant joins a network of communications under the Donrey banner that also include newspaper, radio, and television properties in the states of Arkansas, Texas, Nevada, California, Hawaii, Washington, Missouri and Oklahoma.

Knapp Outdoor was founded by George Knapp Sr. and is 51-years-old. The company has experienced tremendous growth under the management of George Knapp Jr.

In addition to business growth, Knapp has made many community contributions. He is a member of the Oklahoma Wildlife Conservation Commission, on the board of directors for the Farm-

ers and Merchants Bank of Tulsa, a director for the Better Business Bureau and Goodwill Industries, a past president and chairman of the Outdoor Advertising Association of America of which he is a lifetime director, and he is listed in Who's Who in America.

Knapp Outdoor has long been a leader in the field of outdoor advertising, pioneering such concepts as precasting and unitized construction.

In making announcement, Reynolds said that the Donrey Media Group is looking forward to being associated with a company of such high reputation and ex-

pressed confidence in Knapp's ability to provide continued leadership in the Tulsa area.

## Lunar Visit To Be Reviewed

Bill Green, customer training specialist at North American Rockwell Corp.'s Space Division in Pomona, will be the guest speaker at the Jan. 22 meeting of the General Telephone Eastern Area Management Club, to be held at the Elks Lodge in Pomona.

The program will consist of color slides and movies of Mans Visit To The Moon.

Green is a member of the briefing team that continually trains and updates NASA engineers, technicians, and astronauts on all systems of the Apollo spacecraft command and service modules.

The program will be introduced by Frank Gardner, eastern area engineer at the utility. Bill McNee, Pomona division manager will head the welcoming committee consisting of Jim Johns, Andy Muscarello, Boyd Wisdom, "Dud" Smith,

John Pomierski, M. J. Dorrill, A.C. Jones, and Dave Looy.

## World Tour

## Academic Post

CLAREMONT - The Claremont Graduate School has established a new position, associate dean, for the development of new academic programs.

Dean Philip M. Rice announced the appointment of Dr. Herwig Ger-

hard Zauchenberger to the post. For the past three years Dr. Zauchenberger has been assistant dean at the Yale University Graduate School.

Besides developing proposals for new programs, he will be in charge of the graduate school fellowship program and will supervise admissions.

## Display

## Continues

Arrangements have been made with NASA Manned Space Center in Houston to continue the presentation of the Apollo 11 moon rock display at the California Museum of Science and Industry, Exposition Park, Los Angeles, through Jan. 31.

Record attendance at the museum since the moon rock was placed on exhibition in late November indicates continuing interest by many California citizens in viewing the historic moon fragment, he said.

The museum is open daily from 10 a.m. to 5 p.m.

## Last Day For Income Forms Asked By VA

Veterans and dependents receiving VA pension checks have a deadline today, Jan. 15, to return the income questionnaire mailed with their October checks.

Several hundred thousand questionnaires have not yet been returned said a spokesman for the Veterans Administration.

The deadline applies to veterans who are totally and permanently disabled by disease or injuries not associated with their military service, and wartime veterans' widows who draw pensions from the VA, if they have limited incomes.

In addition, parents of deceased veterans who receive compensation checks are required to return income and dependency questionnaires.

Since the amount of payment is related to income, the law requires beneficiaries to report their income so VA can determine the amount to which they are entitled during 1970.

The VA reminded veterans, widows and dependent parents that they may receive information and assistance in completing their questionnaires from their nearest VA office.

## Tentative Airline Merger

SAN DIEGO -- J. Floyd Andrews, President of Pacific Southwest Airlines (PSA), and Carl A. Benscoter, President of Air California, today jointly announced an agreement in principle has been reached whereby PSA will acquire the assets and assume the liabilities of Air California for 181,421 shares of PSA stock. In addition, 213,569 shares of PSA stock will be reserved for issuance on conversions of Air California debentures or exercise of various options and warrants.

In the event Air California has a deficit in its stockholder's equity greater than \$3,690,544 on the closing date, PSA has the right to withdraw from the transaction.

The purchase is subject to the approval of the shareholders of Air California, the California Public Utilities Commission as well as the lenders of both companies and may require the prior approval of the Civil Aeronautics Board.

On making their joint announcement, both Presidents cited the benefits to both companies and to the California traveling public that will result from combining the two companies.

PSA serves the California commuter market with over 1,150 flights weekly at low fares. In the first nine months of 1969, PSA carried 3.3 million passengers at a revenue figure of \$43.3 million. PSA estimates it will carry a total of 4.5 million passengers in 1969 with total passenger revenues of \$59 million.

Air California serves the San Francisco Bay Area from Orange County, Ontario, Burbank and Palm Springs airports in the Southern California area. Starting service just three years ago, fast-growing Air California estimates it will carry approximately 800,000 passengers in 1969 for total passenger revenues in excess of \$12 million.

Both airlines operate Boeing flight equipment. PSA flies 14 Boeing 727-200s and nine Boeing 737-200s. Air California operates six Boeing 737-200s.

As well as gaining from equipment utilization, there is expected to be a cost savings from combining maintenance and other areas of both companies' operations.

"PSA will be strengthened by this acquisition, not only in routes and equipment, but by the addition of Air California's young and aggressive management and the same type of esprit de corps as now exists among the personnel at PSA," Andrews said.

# Reduce Now and Enjoy a New Figure in 1970

## You Must Face Reality Instead Of Hiding It

by Miss Pat Walker  
the Internationally Recognized  
Reducing Authority

"Why, oh why, did I wait so long to start a reducing program?" moaned an overweight lady as she came rushing into one of our salons. "Now I'll look absolutely awful in all my holiday clothes."

That remark—paraphrased, of course—was repeated many times during the holiday season by patrons who hurried in at the last minute hoping for the impossible—an instant, overnight shape-up.

It's only natural, of course, that a woman should want to look attractive on special occasions. But it's the wise, intelligent female who makes a ritual of looking her best at all times—regardless of age or season.

After all, there are only a few things any woman can be absolutely certain of in this life. She cannot be sure of always having her worldly possessions. There's no

**YOUNG ORANGE COUNTY MOTHER OF SEVEN REDUCES A 227 POUND SIZE 24½ TO 155 POUND SIZE 14 AND SHE IS STILL GOING DOWN! ... But A Perfect Figure**

Here is a snapshot of Mrs. Jeanette Ottwell of Orange County. Mrs. Ottwell said, "The day I discovered Pat Walker was the beginning of my life." Mrs. Ottwell was self-conscious about her size and appearance. With the Pat Walker program Mrs. Ottwell reduced from a size 24½ to a size 14 and she is still going down. Recently she wore capris for the first time and her seven children were as excited as she was.

Here you see Mrs. Jeanette Ottwell with the Internationally Recognized Reducing Authority Pat Walker. Mrs. Ottwell reduced 9 inches from her bust, 9½ inches from her underbust, 14 inches from her waist, 12½ inches from her abdomen, 13½ inches from her hips, 5½ inches from each thigh and 5 inches from each upper arm. Mrs. Ottwell reduced from a 227 pound size 24½ to a 155 pound size 14 and she is still going down.

as told by  
Mrs. Jeanette Ottwell  
Orange County Salon

The day I discovered Pat Walker was the beginning of my life and that's the truth.

I have been obese all my life and missed out on all the fun of being a teenager. I was too self-conscious about my size and looks. I stayed home by myself when other kids were at parties and games. My father took me to a lot of doctors and spent a lot of money, but nothing worked. When I was 12 years old I wore a size 42-D bra and a 40 dress, so no wonder I stayed hidden. When at 18 I was married I wore a size 20 and I can't remember wearing that size since, until now, or rather months back. I get so many compliments now and the surprised look on friends and relatives faces that I haven't seen for a long time is worth every hour I spent.

When I put on a pair of capris for the first time my children were excited. They said, "Gosh, Mother, you look nice. We've never seen you in pants before." They, and my husband, are as proud of the new me as I am.

My doctor told me if I had just lost all these pounds and hadn't been going to Pat Walker's I would have had to have surgery on my abdomen because of all the stretching of my skin from so many years of being heavy. But, I don't have that problem and I've reduced from 227 pounds to 155 pounds and I'm a new woman. Actually I'm just half of the old me and look and feel 10 years younger.

When my husband and children and myself go places now I don't hide behind them and they certainly aren't ashamed for me to be seen.

—Mrs. Jeanette Ottwell

The ideally proportioned figure thought only to exist in sculptures created by master artists can be yours. The ageless image of a youthful, lithe body can be yours through the means of relaxing passive program of perfecting the figure. This process, achieved without rigid diet, without medication or without disrobing, has transformed the lives of over five million women internationally. Nothing can equal the self-assurance of knowing yours is the perfect figure—so unrevealing in composition and movement not even your most discerning critic can guess how old you really are. Yours can be the eternally ageless look which turns the heads of college men and graying executives alike. The mystery and charm of the mature woman will still be yours coupled with the aura of an ideal figure free of tell-tale flabby excess flesh or dowager's hump that announce the year you were born.

ducted in restful, beautifully appointed surroundings offering the ultimate in privacy. You will see upper arms and thighs firm, your abdomen diminish, curves appear which you had forgotten you possessed.

**NEVER EQUALLED**  
Your transformation will be carried out by a program and computerized equipment often copied but never equalled for achieving lasting results. All the while you are secure in the knowledge your reducing process is carried out by scientific equipment which is the end-product of many years research and investment of hundreds of thousands of dollars and the only complete program in the world which eliminates the guesswork in figure correction. You will rest in complete confidence as a computerized unit silently concentrates on fatty tissue, muscle toning, circulation, posture correction AND those dormant muscles which haven't performed for months, years—perhaps never.

**INDIVIDUALLY PROGRAMMED**  
Best of all, your figure problems will be studied and programmed individually to correct YOUR specific needs as no two women are alike. A confidential dossier of your weight and measurements will be prepared under the direction of the only internationally recognized reducing authority in the world with more than 18 years in figure perfection.

**GUARANTEED RESULTS**  
You will be assured of no involvement with here-today, gone-tomorrow reducing companies. Yours will be a personalized program guaranteeing a perfect figure based upon your bone structure. You are invited to have a free figure analysis and trial treatment without obligation. Guaranteed results.

### FIRM PERFECT FIGURE

This revolutionary principle of figure perfection is rational, simple and safe. It produces results without risk or disappointment. More important, you can retain your firm, perfect figure knowing full well this new you is what you always should have been. Women in their 60s and 70s now are enjoying the fruits of this program.

### PICTURE OF BEAUTY

This is a program based upon stimulating circulation and toning tissues as they were intended. Suddenly, your posture will be enhanced, friends will comment over your stance and carriage in response to your improved posture—a condition so necessary to your being the picture of beauty inside as well as out.

Within 10 days you will notice results if you follow a routine of inexpensive half-hour treatments con-

## PAT WALKER ANSWERS YOUR LETTERS

Miss Pat Walker receives letters from women all over the world... women seeking advice on problems relating directly or indirectly to their figures. She tries to answer each as quickly as time will allow—either directly through correspondence or through her newspaper columns, in which she does not disclose names, only initials.

Dear Miss Walker,

I've been married eight years to a man who has been a very wonderful husband. Sure, we've had our problems—but who hasn't? We have three children—a 6-year-old boy, 5-year-old boy and a 2-year-old girl. Like most kids, they enjoy the beach. And so do we.

But, while on vacation last summer, my husband was downright rude to me

(which wasn't like him). He told me I sure wasn't what I used to be in slacks and bathing suits. It really hurt my feelings. I knew I'd put on some pounds—but he didn't need to rub it in. After that, I made myself scarce in that type clothing—even though it was hot and I was uncomfortable!

Since then I've put on even more weight and, while he never mentions it anymore, I know he's watching it so I've become even more self-conscious. I've been doing exercises (unknown to him) and trying to watch what I eat (that's not easy with three kids who love to eat), but I'm getting nowhere.

I'd like to reduce without him knowing it and surprise him. Can that be done?

—Mrs. E.B.R.

Dear Mrs. E.B.R.,

Thank you for your letter. I'm sorry I haven't answered sooner but—between a recent trip to our salon in Sydney, Australia, and the usual holiday mail—correspondence has piled up.

Your letter indicates you have all the makings of a very happy, satisfied life. Be thankful your husband commented on your figure problems. Had he remained silent, you may have allowed the situation to worsen.

From your letter it appears you have normal inch-and-weight problems. The best way to find out what can be done is to visit one of our salons to determine how many treatments will be required.

You say you would like to surprise him. That would be nice (for both of you). However, since he is interested, he would be proud of you if you told him the truth—that you've been secretly trying and getting nowhere and that you want professional help.

Either way, you are to be admired for facing reality. And if you start reducing now, you can be sure your husband will be proud of your new figure.

Sincerely,  
Pat Walker

Dear Miss Walker,

I am 64 years old and belong to a club which meets every other week. Naturally we get around to talking about weight problems. One woman really discourages everyone. She says nothing works. You're born that way, she says... and, according to her, she's tried everything. (She's overweight herself). I've

made comebacks with new box office figures... of senior citizens who rediscovered their zest for living... of career women and housewives in music, the patron can—and usually does—drift off into detached contentment while the unit goes to work on fatty tissue, muscle toning, posture correction AND those forgotten areas that haven't flexed a muscle for months—perhaps years.

**INDIVIDUAL PROGRAMMING**  
What makes the BIG difference is that each woman's figure correction is programmed individually ("no two women are alike") to correct HER specific figure faults: dowager hump, large hips and thighs, protruding abdomen, thickening shoulders, flabby tissues... whatever.

What are the most common faults? Hips and thighs. The ideal female dimensions: "There are none," says Miss Walker. "Ideal measurements are purely personal—depending on bone structure, height and weight distribution. A woman can weigh 125 pounds and have a perfect figure—one that is right for her. On the other hand, 110 pounds and 36-24-34 dimensions can add up to a bad figure if they're not ideal for the woman wearing them."

(How unlucky can a gal be!) "It's utterly unrealistic," the world-renowned figure expert contends. "If a woman has a size 10, 12 or size 14 bone structure, that is her perfect size. After all beauty contests are judged on perfect proportions—not on size. It's as simple as that. We reduce women to their bone structure and perfect dress size."

appearance. If a new figure is her decision, she'll feel proud and want to "show off" the "lovelier house" in which she lives. Or, if not, she'll find reasons to hide her figure... to find excuses for it... and to settle for second best.

I feel sad for any woman today who will settle for a poor figure. It is so unnecessary. Perhaps that was woman's fate back when bustles were the vogue—but not today because any woman, regardless of her age or regardless of how long she's had her figure problem can reduce to bone structure and firm and tone to wear her perfect dress size... and after reducing she becomes a new personality, thankful that she did not settle for second best and with pride in herself looks forward to a whole new concept on life and what it holds.

And with zest, everyday, she looks forward to—does not dread—every special season of the year!

iron-clad insurance against losing husband, family, position, security, happiness and good-fortune. This is not a happy thought but if a woman will honestly face the reality of truth, she will know that this is in truth a fact.

But one thing about which a woman can be certain—as long as she lives—is that her body is the house in which she lives. It's a smart woman and a realistic woman who openly takes inventory of herself and decides whether she's satisfied or not satisfied with the "house she lives in"—and then if dissatisfied, she makes the decision of doing something about improving her figure and

## Pat Walker Salons Stretch Half-Way Round the World

from an article  
by a California  
Fashion Editor

The story of Pat Walker's success if measured on an international scale, figuring in headlines from the top of the world to Down Under.

**RESHAPES WORLD**  
One U.S. columnist recently wrote: "She's out to reshape the world with her revolutionary computerized program"... a metropolitan newspaper in Australia identifies her editorially as "the world's foremost reducing authority"... a celebrated entertainer in Hawaii refers to her as "the skinny maker"... and a British opera singer, who flew from London to take treatments at the Pat Walker salon in Sydney, Australia, is still singing her praises. The singer had been told that before she could audition for an important role on the London stage she would have to lose weight—a great deal of weight. She did—and won the role. One of the latest stars in her international crown: she served as an official judge in Long Beach's International Beauty Contest.

**OVER 5 MILLION SUCCESS STORIES**  
Already the 5-foot-3, 101-pound Irish human dynamo has pared down and redistributed the dimensions of more than five million women in her fast-growing chain of reducing salons.

Coming from all walks of life, her patrons have ranged in age from 7 to 94. Some have lost more than 100 pounds. Among them have been celebrities and sales clerks, models and machine operators, professional women and waitresses.

es, airline stewardesses, housewives, teenagers and grandmothers.

**HAPPY PATRONS**  
Her files bulge with the names of satisfied customers and with success stories of marriage that seemed destined for the rocks, but were saved... of wives who regained their pride and self-confidence, their marital happiness and/or job status.

Pat Walker's fleet of salons—currently stretches half way around the world (Australia, Hawaii, Southern California) and all are running at full capacity.

### NEW COMPUTERIZED EQUIPMENT

All salons are equipped with the firm's new all-computerized units which take all the guesswork out of reducing and figure correction. The precision equipment was developed and researched by the Pat Walker Company.

There is no other equipment and reducing program like it anywhere in the world, she notes with authority. "Ours is the only reducing equipment in existence that has been scientifically researched and developed."

Back in the days when Pat Walker opened her first salon, single treatment required 50 minutes—and patrons were shuffled from one piece of equipment to another, five in all! The new computerized program—each treatment now requiring only 30 relaxed minutes without disrobing—is accomplished more effectively on just ONE piece of equipment.

Pampered by luxurious surroundings, individual privacy and courteous attendants, lulled into complete relaxation many have

## A SPECIAL REDUCING OFFER SO THAT YOU CAN ENJOY THE NEW YEAR WITH A NEW FIGURE

January 12, 1970

Dear (Miss) or (Mrs.)

(Write in Your Name)

If you feel that your figure problems are next to hopeless, if you think that reducing will work for everyone else but not for you, if you think you are too old, or too young, or too flabby, or that being overweight runs in your family, or that your bone structure is too large, or too small, or that you have waited too long, or that you have an impossible reducing problem, or if you have found some unique, special excuse for your overweight problems, then this letter, which may be used by you to start reducing now so that you too can enjoy the New Year with a new figure that you will be proud of, because you too can reduce quickly and easily in complete privacy, without strenuous exercise, without disrobing, without starvation diets as over 5,000,000 women have done with our program.

If you should make the decision to start reducing now you may use this letter valued at \$20.00 this week only and apply it to the cost of your figure correction.

Sincerely yours,

Pat Walker

## Local BUSINESS NEWS

Institute of Electrical and Electronics Engineers -- The IEEE will hold a meeting on Tuesday, Jan. 20, 7:45 p.m., at the Cal Poly dining hall. The meeting is being jointly sponsored by the Foothill Section of IEEE and the Cal Poly Student Chapter.

A review of satellite communications by S. D. McCaskey, senior staff engineer with TRW Systems, will highlight the meeting.

A dinner is scheduled prior to the meeting at 6:45 p.m. Reservations should be made no later than Friday, Jan. 16, by contacting either Chuck

Mason, 629-5111, Ext. 3759; Jim Monson 626-8511, ext. 2086; Art Kermod, (213) 354-5422; or Roy Ito 736-4362.

National Association of Accountants -- The NAA, Pomona Valley Chapter, will hold a meeting tonight, Thursday, Jan. 15, at Griswold's Indian Hill Restaurant, Claremont.

Members will listen to Ray Musser, systems analyst for Sunkist Growers, Inc., speak on "Total Management Involvement in Data Processing Applications."

Social hour will be at 6:30 p.m., followed by dinner at 7, with the meeting scheduled at 8 p.m.

SAN BERNARDINO - Archbishop Fulton J. Sheen, international author-lecturer who soared to national prominence with a popular television program in the 1950's, will highlight the program at the Religious Education Congress sponsored by the Roman Catholic Diocese of San Diego at San Bernardino's Swing Auditorium on Saturday, January 17.

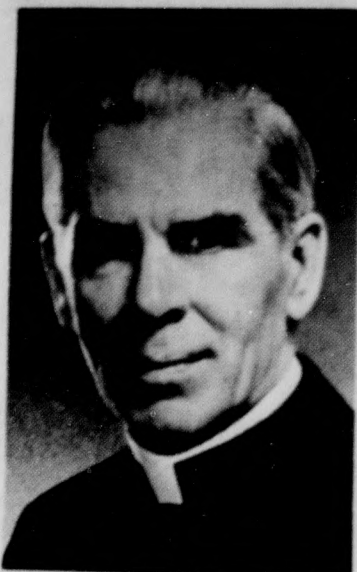

It is anticipated that Sheen, who resigned in November as head of the Diocese of Rochester, N. Y., will re-enter his writing - speaking career. Sheen will address 7,000 or more in his appear-

ance at the Confraternity of Christian Doctrine Congress.

Archbishop Sheen will present the keynote address at 9 a.m. Individual sessions featuring educational leaders from throughout the nation will follow. At 11:45 a.m. Bishop Leo T. Maher of San Diego will be the principal celebrant of a concelebrated Pontifical Mass.

Auxiliary Bishop John Quinn of San Diego, will preside at the Sunday concelebrated Pontifical High Mass.

Popular for his wry, kindly humor and a dramatic flair, Bishop Sheen moved his ABC-TV

Archbishop Sheen

series into top ratings in the 1950's, using only simple sets but projecting a dramatic straightforwardness in appearing with his guests.

Exemplifying the Sheen wit when asked about the high success of his programs against commercial television offerings, he attributed his success to his "writers, Matthew Mark, Luke and John." The program is still syndicated as a television presentation.

An identical Religious Education Congress will be held in San Diego, simultaneously with the one in San Bernardino. For registration information, contact the Con-

fraternity of Christian Doctrine office, 7050 Brockton Avenue, Riverside, telephone 686-6090 or a local Catholic church.

## Forensic Awards To Cal Poly

Eight California State Polytechnic College students won sixteen major awards in the major Championship Tournament of the Fall held on the campus of the University of Southern California. Sponsored annually by the Pacific Southwest Collegiate Forensic Association, this year's activity included twenty-five select colleges and universities. Cal Poly was the only school to place Semi-Finalists or Finalists in

every event entered in the Tournament.

In Junior Division Impromptu Speaking, Marsha Clendenen was a Semi-Finalist and won an Excellent certificate. She also was a Semi-Finalist in Junior Division Oral Interpretation and with Sue Seuberling won a certificate of Excellent. Paul Aldredge was a Finalist in Novice Division Oral Interpretation and won with Annabel Chittenden a certificate of Excellent.

Kathy Carter and Sandra Wollaston were Finalists in Novice Division Expository Speaking. Tom Campbell was a Semi-Finalist and Bill Murray and John McElrath were Finalists in Extemporaneous Speaking.

In Novice Division Debate, Cal Poly had the only undefeated team in the tournament, and the only team to win certificates of Superior. Bill Murray and John McElrath were on this team which won a trophy for First Place with an unbeaten (6-0) record.

The City Council of the City  
of La Verne DOES ORDAIN  
as follows:

Section 1. That the Ordinance  
Code of the City of La Verne  
is hereby amended by adding  
Section 4620 of Title 1  
of Chapter 6 of Division IV to  
read as follows:

4620 CARD ROOMS AND  
GAMES It shall be unlawful  
for any person to carry on,  
open or cause to be opened,  
or conduct, either as owner,  
tenant, licensee or employee,  
any place in the City, for the  
purpose of permitting or causing  
any game of cards, other  
than those named in Section  
330 of the Penal Code, to be  
played by the public for hire,  
or where an admission fee,  
rental, door charge or other  
charge is made for the privilege  
of playing any such game.

Section 2. The Mayor shall  
sign and the City Clerk shall  
certify to the passage and  
adoption of this Ordinance and  
shall cause the same to be  
published pursuant to the provisions  
of law in that regard,  
and shall post in three (3)  
places, and this Ordinance  
shall take effect thirty (30)  
days after its final passage.

is hereby amended by revising  
sub-paragraph (b) of Section  
9741.01 to read as follows:  
b. Automobile Service Stations  
when authorized by a  
Conditional Use Permit obtained  
pursuant to the procedures  
established by Section  
9770, et seq.

Section 2. The Ordinance  
Code of the City of La Verne  
is hereby amended by repealing  
sub-paragraph (d) of Section  
9747.01 and by adding  
sub-paragraph (f) to Section  
9747.02 to read as follows:  
f. Automobile Service Stations

Section 3. The Mayor shall  
sign and the City Clerk shall  
certify to the passage and  
adoption of this Ordinance and  
shall cause the same to be  
published pursuant to the provisions  
of law in that regard,  
and shall post in three (3)  
places, and this Ordinance  
shall take effect thirty (30)  
days after its final passage.  
APPROVED AND ADOPTED  
this 5th day of January,  
1970.

Elvis E. Swindle  
Mayor of the City of  
La Verne

In There Pitching  
Natural gas is in there  
pitching when baseballs  
are manufactured. Baseball  
covering standards require  
a pure chalk white color  
for hides. The cleanliness  
of gas-fired processing offers  
this quality control.
